## 134 Basque, Northstar CA 96161

### Additional Features

- Floor to ceiling windows offer fantastic views of the Northstar Golf Course 2<sup>nd</sup> fairway, mountains, and woods.
- Approximately 5000 square feet of mountain elegance. The floor plan offers lots of room for guests while still affording privacy. This is a great home for entertaining.
- Private and comfortable office/den for that occasional Tahoe work day. Equipped with access to DSL Pro for very high-speed Internet access and 3 phone lines.
- Fabulous kitchen for the home gourmet! Professional series stainless steel appliances are top notch and there is plenty of cabinet space and granite top workspace in addition to the large center island.
- Eating area in the kitchen with fireplace make this a very comfortable and warm environment for social or family meals. Fabulous views from the cathedral windows.
- Rear deck overlooking the 2<sup>nd</sup> fairway is equipped with natural gas hook-up for a BBQ located just outside the kitchen door.
- The spacious mudroom/laundry room with full bath is a great convenience, especially in the winter when dealing with shoes, boots and ski equipment and clothing.
- Exceptional morning sun exposure. There is great efficiency built into the house with the warm floors, the high-end windows and doors and great insulation.
- Walk out the back door and ski or snowshoe across the golf course and into the Martis Valley trail system. There is a Tompkins Memorial Trailhead for hiking right across the street.
- Four new or updated stone fireplaces (5 total located in the Kitchen, Living Room, Family/Game room, Master) offering excellent ambience as well as great heat efficiency.
- Extensive use of Honduran mahogany in entrance, living room, bar area, windows and doors. Floors are made of very durable and beautiful Australian Jarrah wood.
- Totally remodeled master suite including a beautiful custom fireplace with embossed copper detailing, Honduran mahogany and hand-selected stone. Home theater system that descends from the ceiling with Runco plasma display, surround sound HD – TV and excellent Direct TV HD reception. Hand-embossed copper mirrors for the vanity. European fixtures, oversized Kohler sinks and Jacuzzi tub built for 2 and heated travertine floors. Italian hand blown glass lighting, rain shower and double thick frameless glass shower,
- Local artisan - forged lighting throughout the home
- Totally remodeled high efficiency game room fireplace with double thick stone hearth and mantle. Beautiful custom design, finished with Honduran mahogany.
- Oversized 2-car garage with tons of storage (ski room, garden tools shed. There is additional storage in great room, master, kitchen, kitchen pantry and garage.
- A new bath in the mudroom with slate floors, thick glass frameless shower and European fixtures. New front-loading high-efficiency washer and dryer.
- Master quality stonework throughout the house – inside and out with numerous stone fireplaces, stone detailed exterior.
- Very secure house with alarm and outdoor TV cameras & unique locking system.
- Great entertaining bar with wine cooler and storage that is set up to service, kitchen, living room and music/dining room.
- High capacity hot water heater that easily services all four showers plus kitchen and baths.
- The exterior siding and deck were restored and re-stained by hand brushing and exterior copper trim cleaned in spring of 2006. The roof was tuned-up in 2006 & 2007. The furnaces were serviced during the spring of 2007. A new main copper water line was installed in 2007. A new lawn sprinkler system at the front / right side of the house was installed in 2007.
