

A HALLMARK **summer**
AT **Martis Camp**

Tremendous excitement is building at Martis Camp with the construction of the direct ski connection to Northstar-at-Tahoe™ Resort underway. Complementing this unprecedented private ski access is the grand opening of the Tom Fazio Golf Course, Lost Library and Putting Park, as well as the groundbreakings of the 50,000 square foot Camp Lodge and the Family Barn.

As this compelling vision unfolds, owners are eagerly responding—with 35 homes in the design or construction phase. And with over 100 Priority Reservations already secured for the Summer 2008 Release, demand continues to build at Martis Camp! With this grand property transforming into an epic community before our very eyes, 2008 will indeed be remembered as a hallmark summer at Martis Camp!
